SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of April 5, 2010 (75 FR 17093), FDA published a proposed rule to amend certain neurological device and physical medicine device regulations to establish special controls for these class II devices and to exempt some of these devices from the premarket notification requirements of the Federal Food, Drug, and Cosmetic Act. Interested persons were given until July 6, 2010, to comment on the proposed rule.

II. Request for Comments

Following publication of the April 5, 2010, proposed rule, FDA received requests to allow interested persons additional time to comment. The requests asserted that the 90-day time period was insufficient to respond fully to FDA's specific requests for comments and to allow potential respondents to thoroughly evaluate and address pertinent issues. The agency has considered the requests and is reopening the comment period until September 7, 2010. The agency believes the additional comment period allows adequate time for interested persons to submit comments without significantly delaying rulemaking on these important issues.

III. How to Submit Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) either electronic or written comments regarding this document. It is only necessary to send one set of comments. It is no longer necessary to send two copies of mailed comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m. Monday through Friday.

Dated: July 22, 2010.

Acting Deputy Commissioner for Policy, Planning and Budget.

requiring that cigarettes and smokeless tobacco seized and forfeited under the CCTA be either used in law enforcement operations or destroyed; and by authorizing state and local governments, and Federal tobacco permittees to bring civil causes of action against violators of the CCTA.

DATES: Written comments must be postmarked and electronic comments must be submitted on or before October 26, 2010. Commenters should be aware that the electronic Federal Docket Management System will not accept comments after midnight Eastern Time on the last day of the comment period.

SUPPLEMENTARY INFORMATION:

I. Background

In 1978, the Contraband Cigarette Trafficking Act (CCTA), 18 U.S.C. Chapter 114, was enacted to deter the interstate smuggling of cigarettes where the taxation on tobacco products varies between the States. The Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) was given primary jurisdiction to enforce and administer the CCTA. Contraband cigarettes were originally defined as any quantity of more than 60,000 cigarettes that bear no evidence of the payment of applicable state tax.

The legislative history of the CCTA and ATF's investigative efforts over the years have established that organized crime has been involved in the diversion of legal tobacco products into the illegal market. Moreover, several investigations by ATF and its law enforcement partners have established links to international terrorist groups, including Hezbollah and al Qaeda. Since the enactment of the CCTA, cigarette smuggling has grown in complexity. Not only are cigarettes smuggled between low-tax and high-tax States, they are smuggled through international borders. The counterfeiting of legitimate brands is also very prevalent. The trafficking of contraband cigarettes is a worldwide problem. Billions of dollars of tax revenue are lost by all levels of government throughout the world due to the smuggling of cigarettes. Much of the illicit profit gained by organized crime and terrorist groups is used in furtherance of their criminal enterprises.

The trafficking in counterfeit and contraband tobacco products also poses a serious health risk to our society. There are no standards of production in counterfeit product. This allows for such things as biological or chemical contamination of the product. Furthermore, contraband cigarettes are more likely to be sold to underage persons than legitimate product. Finally, the sale of counterfeit and contraband products poses a serious financial threat to legitimate manufacturers, wholesalers, and retailers.

II. USA PATRIOT Improvement and Reauthorization Act of 2005—Proposed Rule

Public Law 109-177 (120 Stat. 192), the USA PATRIOT Improvement and Reauthorization Act of 2005 ("the Act"), was enacted on March 9, 2006. Section 121 of the Act made several

amendments to the CCTA, 18 U.S.C. 2341 *et seq.* The provisions of section 121 and the proposed implementing regulations (if applicable), are discussed in the following paragraphs.

Section 121(a)—Threshold Quantity for Treatment as Contraband Cigarettes

Prior to amendment, section 2342 of the CCTA made it unlawful for any person knowingly to ship, transport, receive, possess, sell, distribute, or purchase contraband cigarettes. Contraband cigarettes were defined as any quantity in excess of 60,000 cigarettes that bear no evidence of the payment of applicable state tax. Section 121(a) of the Act amended the CCTA by reducing the number of cigarettes that trigger application of the CCTA from a quantity in excess of 60,000 to a quantity in excess of 10,000 and which bear no evidence of the payment of applicable state or local tax, if the States or local governments require such indicia of tax payment.

Proposed amendments to the regulations to reflect the statutory imposed reduction to the CCTA threshold are contained in 27 CFR 646.141, 646.143, 646.146, and 646.147. The Department is also proposing to amend § 646.143 by adding a definition for the term "cigarette." The proposed definition reflects the meaning of the term set forth in the CCTA as amended, i.e., to update the existing regulatory language to conform to the statutory change.

Section 121(b)—Contraband Smokeless Tobacco

Section 121(b) amended the CCTA by extending its provisions to include contraband smokeless tobacco and by defining the terms "smokeless tobacco" and "contraband smokeless tobacco." The term "smokeless tobacco" means any finely cut, ground, powdered, or leaf tobacco that is intended to be placed in the oral or nasal cavity or otherwise consumed without being combusted. The term "contraband smokeless tobacco" means a quantity in excess of 500 single-unit consumer-sized cans or packages of smokeless tobacco, or their equivalent, that are in the possession of any person other than—

1. A person holding a permit issued pursuant to chapter 52 of the Internal Revenue Code of 1986 as manufacturer of tobacco products or as an export warehouse proprietor, a person operating a customs bonded warehouse pursuant to section 311 or 555 of the Tariff Act of 1930 (19 U.S.C. 1311, 1555), or an agent of such person;

2. A common carrier transporting such smokeless tobacco under a proper bill of lading or freight bill which states the quantity, source, and designation of such smokeless tobacco;

3. A person who is licensed or otherwise authorized by the State where such smokeless tobacco is found to engage in the business of selling or distributing tobacco products, and has complied with the accounting, tax, and payment requirements relating to such license or authorization with respect to such smokeless tobacco; or

4. An officer, employee, or agent of the United States or a State, or any department, agency, or instrumentality of the United States or a State (including any political subdivision of a State), having possession of such smokeless tobacco in connection with the performance of official duties.

Proposed regulations that implement the provisions of section 121(b) are in 27 CFR 646.143, 646.146, 646.147, and 646.154.

Section 121(c)—Recordkeeping, Reporting, and Inspection

Section 121(c) of the Act amended the CCTA by:

- Authorizing the Attorney General to prescribe regulations concerning additional recordkeeping requirements that he considers appropriate for purposes of enforcement of the CCTA on persons who ship, sell, or distribute more than 10,000 cigarettes or 500 single-unit consumer-sized cans or packages of smokeless tobacco in a single transaction.

- Requiring persons, except for tribal governments, who engage in a delivery sale, and who ship, sell, or distribute more than 10,000 cigarettes or 500 single-unit consumer-sized cans or packages of smokeless tobacco within a single month, to submit to the Attorney General a report that sets forth the following:

1. The person's beginning and ending inventory of cigarettes and cans or packages of smokeless tobacco (in total) for such month.

2. The total quantity of cigarettes and cans or packages of smokeless tobacco that the person received within such month from each other person (itemized by name and address).

3. The total quantity of cigarettes and cans or packages of smokeless tobacco that the person distributed within such month to each person (itemized by name and address) other than a retail purchaser.

- Adding the term "delivery sale," which means any sale of cigarettes or smokeless tobacco in interstate commerce to a consumer if—

(a) The consumer submits the order for such sale by means of a telephone or other method of voice transmission, the mails, or the Internet or other online service, or by any other means where the consumer is not in the same physical location as the seller when the purchase or offer of sale is made; or

(b) The cigarettes or smokeless tobacco are delivered by use of the mails, common carrier, private delivery service, or any other means where the consumer is not in the same physical location as the seller when the consumer obtains physical possession of the cigarettes or smokeless tobacco.

Proposed regulations that reflect the new CCTA requirements regarding contraband smokeless tobacco are in 27 CFR 646.143 and 646.146. The regulatory language is identical to the statutory language.

- Specifying that any report required to be submitted under the CCTA to the Attorney General must also be submitted to the Secretary of the Treasury and to the attorneys general and the tax administrators of the States from where the shipments, deliveries, or distributions both originated and concluded.

Proposed regulations that reflect the new CCTA requirements regarding contraband smokeless tobacco are in 27 CFR 646.146. The regulatory language is identical to the statutory language.

Section 121(d)—Disposal or Use of Forfeited Cigarettes and Smokeless Tobacco

Pursuant to section 121(d) of the Act, any contraband cigarettes or contraband smokeless tobacco involved in any violation of the CCTA will be subject to seizure and forfeiture and will be either (1) destroyed and not resold, or (2) used for undercover investigative operations for the detection and prosecution of crimes, and then destroyed and not resold.

Proposed regulations that implement this new CCTA provision are in 27 CFR 646.155. The regulatory language is identical to the statutory language.

Section 121(e)—Effect on State and Local Law

Section 121(e) of the Act amended the CCTA to make it clear that the CCTA is not intended to affect the concurrent jurisdiction of a state or local government to enact and enforce its own cigarette tax laws, to provide for the confiscation of cigarettes or smokeless tobacco and other property seized for violation of such laws, and to provide for penalties for the violation of such laws. This section also amended the CCTA to make it clear that the CCTA is

not intended to inhibit or otherwise affect any coordinated law enforcement effort by a number of state or local governments, through interstate compact or otherwise, to provide for the administration of state or local cigarette tax laws, to provide for the confiscation of cigarettes or smokeless tobacco and other property seized in violation of such laws, and to establish cooperative programs for the administration of such laws. This statutory change does not necessitate any amendments to these regulations.

Section 121(f)—Enforcement

Section 121(f) of the Act creates a new civil cause of action allowing state and local governments and federal tobacco permittees under the Internal Revenue Code to prevent or restrain CCTA violations in Federal district court. In addition, these entities could also seek civil penalties and monetary damages, and injunctive or equitable relief. This statutory change does not necessitate any amendments to these regulations.

Section 121(g)—Conforming and Clerical Amendments

Section 121(g) made several conforming and clerical amendments to the CCTA (e.g., a change in the title of chapter 114 and a change in the section headings of sections 2343 and 2345) that do not necessitate any regulatory changes. This statutory change does not necessitate any amendments to these regulations.

III. Miscellaneous Amendment of the Regulations

In general, the regulations at 27 CFR 646.150 provide that each distributor of cigarettes must retain the records required by §§ 646.146 and 646.147 for three years following the close of the year in which the records are made. The distributor must keep the required records on his business premises. ATF is considering extending the record retention requirement to five years. The amendment would harmonize the regulations with the applicable statute of limitations for CCTA violations, which is five years. ATF is soliciting comments on this issue.

How This Document Complies With the Federal Administrative Requirements for Rulemaking

A. Executive Order 12866

This proposed rule has been drafted and reviewed in accordance with Executive Order 12866, “Regulatory Planning and Review” section 1(b), The Principles of Regulation. The Department of Justice has determined that this proposed rule is a “significant

regulatory action” under Executive Order 12866, section 3(f), Regulatory Planning and Review, and accordingly this proposed rule has been reviewed by the Office of Management and Budget. However, this proposed rule will not have an annual effect on the economy of \$100 million, and will not adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or state, local, or tribal governments or communities. Accordingly, this proposed rule is not an “economically significant” rulemaking as defined by Executive Order 12866. The proposed information requirements are contained in records that are kept in the normal course of business. Likewise, the reporting requirements contained in this proposed rule merely augment existing federal law as set forth in the Jenkins Act, 15 U.S.C. 375.

B. Executive Order 13132

This proposed rule will not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, the Attorney General has determined that this proposed regulation does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

C. Executive Order 12988

This proposed rule meets the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

D. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements unless the head of the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and small governmental jurisdictions. The Attorney General has reviewed this proposed regulation and, by approving it, certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities. The proposed requirements apply only to entities that sell the threshold quantities of cigarettes or smokeless tobacco in a single

transaction. In addition, the proposed information requirements are contained in the records that are kept in the normal course of business and the proposed reporting requirements merely augment existing federal law as set forth in the Jenkins Act, 15 U.S.C. 375.

ATF estimates that this proposed rule will have an impact on no more than 3,000 businesses with the majority of those being small businesses. ATF further estimates that the annual economic impact will be less than \$700,000 per year. ATF estimates for this proposed rule are as follows:

Mailing Costs (stamp and envelope):
 $\$.50 \times 3,000 \text{ businesses} \times 12 \text{ months} = \$180,000.$

Labor Costs: One hour of labor (\$13.50/hr) for filling out ATF F 5200.XX, filing and mailing $\times 3,000 \times 12 = \$486,000.$

E. Small Business Regulatory Enforcement Fairness Act of 1996

This proposed rule is not a major rule as defined by section 251 of the Small Business Regulatory Enforcement Act of 1996 (5 U.S.C. 804). This proposed rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

F. Unfunded Mandates Reform Act of 1995

This proposed rule will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector of \$100 million or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

G. Paperwork Reduction Act

The collections of information contained in this notice of proposed rulemaking have been submitted to the Office of Management and Budget for review in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)). Comments on the collections of information should be sent to the Office of Management and Budget, Attention: Desk Officer for the Bureau of Alcohol, Tobacco, Firearms, and Explosives, Office of Information and Regulatory Affairs, Washington, DC 20503, with copies to the Chief, Document Services Branch, Bureau of Alcohol, Tobacco, Firearms, and

Explosives, at the address previously specified. Comments are specifically requested concerning:

- Whether the proposed collections of information are necessary for the proper performance of the functions of the Bureau of Alcohol, Tobacco, Firearms, and Explosives, including whether the information will have practical utility;
- The accuracy of the estimated burden associated with the proposed collections of information (see below);
- How the quality, utility, and clarity of the information to be collected may be enhanced; and
- How the burden of complying with the proposed collections of information may be minimized, including through the application of automated collection techniques or other forms of information technology.

The collections of information in this proposed regulation are in 27 CFR 646.146, 646.147, and 646.150. This information is required to implement the provisions of the USA PATRIOT Improvement and Reauthorization Act of 2005 regarding trafficking in contraband cigarettes or smokeless tobacco. The likely respondents are businesses.

Estimated total annual reporting and/or recordkeeping burden: 36,000 hours.

Estimated average burden hours per respondent and/or recordkeeper: 12 hours.

Estimated number of respondents and/or recordkeepers: 3,000.

Estimated annual frequency of responses: 12.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by the Office of Management and Budget.
